OCT 2021 - DEC 2021

· Manual Testing Of OWASP TOP 10.

· Manual and automated web penetration testing and

· Vulnerability assessment, creating proof of concepts(POC), generating reports.

· Enhanced my Penetration Testing and Reporting skills.

EDUCATION

G Pulla Reddy Degree and PG college, Hyderabad — *BSC (MSCS)*

2020 – 2023

Bachelor's in Computer science.

CERTIFICATIONS

· **Offensive Security Certified Professional (OSCP)**

· **Certified Ethical Hacker (CEH) Practical**

· **Multi-Cloud Red Teaming Analyst (MCRTA)**

· **Certified Network Security Specialist (CNSS)**

SKILLS

· Hands-on knowledge of **Web/API/Android** application penetration testing as well as **network penetration testing** and Security tools.

· Understanding of Security concepts, Cyber security practices, CIA, Risk.

· Threat and Vulnerability.

· Active Directory pentesting.

· Understanding of cryptography, encryption techniques.

· Multiple OS - Kali Linux, Windows, Ubuntu, Cent OS.

· Programming languages : Python, PHP, JAVA.

· Automation : Bash Scripting

HANDS-ON

· Good hands-on knowledge on tools like: Kali Linux, Nmap, Metasploit framework, Burp suite, Nessus, ZAP, Wireshark, SQL Map, Nikto, etc.

· Hands-on practice on platform like HackTheBox, TryHackMe, Portswigger labs, Vulnhub.

· Advance attack like Buffer overflow.

HOBBIES

· Participating in CTF(Capture The Flag) challenges.

· Hackathons

· Gaming

· Fitness
